## Diary of an inmate

By John W. Dobbs, DC (inmate no.) C00618

Monticello, Florida

Growing up in N.Y.C. we learned the game in leaps and bounds; developed rules to it. Doing time in Florida is like peeping the game through a microscope. Star, thanks for allowing this brief on overlooked crimes against humanity; interchangeable corruption orchestrated by masters of misdirection.

In '06 an old girlfriend and I were visiting my kids out here and stopped at a topless bar for drinks. 5 drunk guys waited in the parking lot for her; surrounded my car; a fist fight turned deadly. I put 3 of them in the hospital, fatally stabbing the 3<sup>rd</sup> or 4<sup>th</sup> guy to jump in. I myself was cut by them 6 times; but I'd killed the son of a powerful attorney, another had a \$2,000,000 trust fund. Thus, selective application of the "Stand Your Ground" law.

The only one arrested; charged with murder, two aggravated batteries, and aggravated assault; despite their multiple felony convictions and one being on probation in a state where being drunk or police contact are grounds for re-arrest. I'm held by a judge without bail, on a charging affidavit that wasn't really an affidavit; it wasn't signed by anyone authorized to administer oaths. No alleged victim made allegation of me committing a crime until 2 months after my arrest. Then the guy on probation changed his statement to one that is refuted by the State's own C.S.I.; the only statement against me to day. I get a Public Pretender

Instead of Defender. Misleading jury instruction; for example: what they call "initial aggressor" instructions that substitute the word "aggressor" with "aggressor" provocation" which can mean to irritate or annoy; therefore if I irritated them by standing my ground, I could lose the right to stand my ground! Bet Zimmerman's never read that one! The prosecutor fabricated evidence contradicting all her witnesses. Appeal

prosecutor fabricated evidence contradicting all her witnesses. Appeal court denials without saying why or misdirecting the public intentionally misconstruing my arguments knowing it may take years to be seen again. So I'm held to crimes that by Justifiable use to Force Statue never occurred all because of fraud in the court. But I'm King Universal from the Southside of what gives birth to King: Queens. Where we rock forward, never backward. I can give a wealth of love to a beautiful woman and a wealth legacy to a powerful law firm. Hollar at something real! Share the victory. WOO.

Fake paperwork! Fake trial, Fake Subpoenas, to appease wealthy families

Sincerely  
John Dobbs
